

# ***NAS<sup>®</sup> Batteries—— Making Renewables More Renewable.***

**WORLD FUTURE  
ENERGY SUMMIT**

PART OF ABU DHABI SUSTAINABILITY WEEK 2018

**15-18 JANUARY 2018**  
ABU DHABI NATIONAL EXHIBITION CENTRE

NGK exhibits NAS Battery at WFWs 2018  
and we look forward to meeting you.

Our NAS Battery is an electrical storage system derived from NGK's advanced ceramics technologies, which handles megawatts of power. This system greatly contributes to the conservation of electricity and reduced energy costs, as well as a lower environmental impact, through the effective use of solar and wind power energy and by making stable power supply a reality within the existing electrical grid.

**NAS battery**  
*800kW/4,800kWh*

**NGK INSULATORS, LTD.**
